

BRIDGES FOR PEACE IN ACTION

2023 ANNUAL REPORT

A WORD FROM THE BFP INTERNATIONAL CEO

2023 WILL GO DOWN IN HISTORY as an extraordinary year for Bridges for Peace with the depth and intensity of our work finding new avenues and reaching new heights. It was only possible because of Christians who love, pray and stand with Israel and the Jewish people.

It has been a year of pain, division, strength and unity for Israel, and through it all, we remained steadfast in our calling from God to provide for Israel's needy and build relationships between Christians and Jews. It is a holy calling into which God has drawn hundreds of thousands of Christians worldwide to love what He loves and stand on His promises.

From January to October, we remained committed to growing our fingerprints of care in Israel. Hundreds of thousands of pounds of food fed some of the 20% of Israelis who live below the poverty line in a practical expression of unconditional love. Through our Feed a Child program, we continued to transform the lives of hundreds of children from impoverished families. We marveled at playing a role in the fulfillment of prophecy as we helped Jewish people from the Diaspora return to the land of their promise through Project Rescue—and then welcomed them home with gifts and helped them thrive in their new homeland through our Adoption program.

Then October 7 happened... Hours after rocket sirens screamed through Jerusalem, proclaiming the horror of a much fiercer, much more evil attack in the south, our team assembled in the office to rally Christians in the nations in support and prayer for Israel. Hours after that, a team headed south to some of the hardest hit areas, our vans crammed with humanitarian aid for those who have been hiding in bomb shelters for days.

As war loomed, our volunteers' home countries called on its citizens to evacuate. Yet all of us remained. Our love for the God of Israel and the people of Israel go beyond emotion into action. We weren't there during the Crusades, forcible expulsions, Spanish Inquisition, pogroms, Holocaust or wars of Israel's infancy. But we're here now. And we won't let the Jewish people face another crisis alone.

Hundreds of thousands of Christians around the world agree with us. Thanks to faithful Christian donors like you who gave so generously of your finances and prayers, we were able to meet a deluge of needs. In fact, the four weeks after October 7 marked the highest financial month from international donations in Bridges for Peace's existence, with 2023 drawing to a close as our highest financial year from international donations in our history.

As the war continues to rage and anti-Semitism threatens like a tidal wave, 2024 promises to be another challenging year for Israel—and another opportunity for us to show Christian love and support in practical ways. Thank you for boldly partnering with us as we counter the evil and show the Jewish community in Israel and around the world that they are not alone! Thank you for partnering with us in 2024 to help push back the darkness with light.

Blessings from Jerusalem,
Rev. Peter Fast
International CEO
